#### **CRITERION I – CURRICULAR ASPECTS**

##### **1.1 – Curriculum Planning and Implementation**

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The institute is affiliated to Chatrapati Sahu Ji Maharaj University, Kanpur hence, institute follows the curricula framed by university. As the session starts, faculty reaches out to students via introductory lectures and analyze following performance indicators: • Gap analysis: Assessment of understanding of students and its calibration with curriculum. • Need analysis: Aspiring students see themselves as working in curriculum specific field, so their aspirations are assessed, and lessons are planned based on assessment. • Contemporary analysis: The curriculum is calibrated with those of contemporary curriculum of other universities and the calibration is made reflected in syllabus. • Future analysis: Curriculum is analyzed by faculty in terms of its future where the possible advancement is assessed along with ongoing researches. This is made reflected in lectures time to time as per content taught. Apart from it another essential indicator is: • Meetings with University: Time-to-time formal and informal meetings with university plays essential role to work coherently. These forums are used to make university understand the needs of colleges. The following are the attempts of the Institution towards curriculum planning and development- • Preparing a planned work schedule keeping in the mind the weightage given for each paper and the number of hours allotted as per the university norms. • Replenishing the library with books of changed syllabi every year. • Preparing slides for important topics. • The minimum number of working days as stipulated by the university is deeply adhered to every year. • Continuous assessment through Internal Tests is followed. • Periodic tests are conducted in the effective delivery of the curriculum and assessment of the students. • All the

laboratories are upgraded every year as per the requirement of the curriculum.

- Industrial visits are organized to provide practical exposure to the students.
- Internet based activities and assignments are given to both undergraduate and post graduate students to make them have the latest knowledge in their respective subjects.
- Organizing seminars, conferences and workshops.
- Special lectures are arranged to develop the personality of the students, hone their soft skills to equip them to compete with others in the job market.
- Organizing interdisciplinary competitions, fests or exhibitions.
- Feedback received from students is gainfully employed to strengthen curriculum planning and development. In order to keep self-updated, faculty members time-to-time participate in seminars, conferences, workshops, invited lectures and U.G.C. recommended courses like Orientation and Refresher courses.

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	No
Employers	No
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?  
(maximum 500 words)

Feedback Obtained

The feedback from student is of two types informal and formal. Informal feedback: This is done at two levels, at class by faculty and by Principal. ? At class level by faculty: In this the following indicators are analyzed: • Student’s approach (Attentiveness and behavior) in class. • Their probing capabilities. • Skills related to subject. • Student’s co-curricular skills. ? At college level by Principal: Their informal discussion with students during college timings. This plays important role in assessing their approach. Formal feedback: This is done using a questionnaire which has below questions: • Were you able to understand the lecture? • Were you able to correlate your thoughts with lecture? • Are you able to visualize that curriculum is helping you to fulfill your dreams? • Was teacher’s approach in class positive towards students? • Was teacher’s approach in class, towards you positive? • Were you able to cope with the class? • How do you feel about environment of the institute? Feedback from Parents Again, this too is at two levels informal and formal: Informal Feedback: • Parents are called to institute to appraise regarding the acts of their wards and their point of view regarding the psyche of student is understood to help student behave normal. In a few cases feedbacks are bi-directional. • Various functions of institute give enough chance to interact with parents and their feedback is taken. Feedback from Alumni This too is of two types: Informal and formal: Informal feedbacks are received as and when the faculty meets with alumni inside or outside college campus. Formal Feedback: This is collected through a questionnaire at the time of alumni meet, the sample of questions is given below: • Are you able to meet with challenges of your professional life with the knowledge earned from institute? • Are you able to represent yourself as alumni of institute with pride, in society? • Are you satisfied with the curriculum which was taught to you? • Were your faculty members just with you, when it comes to teaching? • Did you ever face any kind of hurdle in your professional carrier, which you feel is due to lack of resources of institute? • As per your professional experience, do you see that institute is rising in right direction or not? If not, please suggest area of improvement.

### 2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

The college has been established by the State Government for teaching UG-level science, arts, commerce and PG-level commerce. The college also has facility for DOEACC “O LEVEL” certificate program. It is our policy to entertain the hopes and aspirations of students from all over the district irrespective of caste, sex, religion and financial background. Many of our students from rural areas lack proper academic background and financial back-up. Mentoring of students thus, is an essential feature to render equitable service to all our students having varied background. Student-mentorship has the following aims: a. To enhance teacher-student contact hours b. To enhance students’ academic performance and attendance c. To minimise student drop-out rates d. To identify and understand the status of slow learners and encourage advanced learners e. To render equitable service to students The importance of integrating the system for enhancing students’ performance is a common resolution adopted by a meeting of the teaching faculty. With a wide variation in the student population in regard to educational and economic background, the system promises to provide a better understanding of individual students and bring out their highest potential. It also appears to be the most effective method/weapon for mitigating cases of those students who are vulnerable to drop-out from studies. The IQAC had taken the initiative of implementing the mentoring of students. Students are categorised based on the streams of studies and also according to their core subjects. They are divided into groups depending on the number of students. Each group is assigned a teacher-mentor who would perform mentoring duties. Mentors maintain and update the Mentoring Format which contains space for entering particulars and performance of students. After collecting all necessary information, Mentors are expected to offer guidance and counselling, as and when required. a. It is the practice of Mentors to meet students individually or in groups. b. In isolated cases parents are called for counselling/special meetings with the Principal at the suggestion of the Mentor. c. If a student is identified as having weakness in particular subject, it is the duty of the Mentor to apprise the concerned subject teacher. The institutional practice of Mentoring System has been designed and implemented – a. to be student-centric b. to render equitable service to students of varied academic financial backgrounds Though the system has only been implemented in the last few years, significant improvement in the teacher-student relationship can be seen. The

system has been useful in identifying slow learners and advanced learners. Based on the requirement deduced through a careful examination of each Mentor's report, the College has organised several Remedial Classes in the identified topics/subjects for slow learners. The Remedial Classes have been institutionalised after the implementation of the Mentoring System. Need-Based remedial classes have proved to be beneficial to the students in particular and the entire college in general. The institutional practice of Mentoring System has considerably enhanced the campus environment and brought about: a. Enhanced contact hours between Mentors with their respective students b. Improvement in

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Evaluation of the skills gained by the students is the focal point in attaining a degree. Continuous assessment and evaluation help to improve the quality to ensure that the student meets up with the prerequisites expected of a graduate. The college is affiliated to Chhatrapati Shahu Ji Maharaj University, Kanpur and it adheres to the norms prescribed by the University. The university has both internal and external evaluation to assess the students on various aspects. The students are informed of the internal and external assessment system at the beginning of every academic year through orientation program and circulars on the notice board. Though the external assessment comes at the end of every year, the Institution adopts various methods to assess the students through continuous internal evaluation. The evaluation process is both conventional as well as modern, depending on the skills of the admitted

students which are as follows: The conventional method includes conducting pre-declared written tests and the innovative method varies from class room discussions, student seminars, presentations, quiz, etc. The result of written internal tests records are maintained. Multiple written as well as oral assignments are given to the students to cultivate their comprehensive, cohesive communicative skills both oral and written. The students are encouraged to use all the search tools either from the internet or by visiting libraries to think beyond their prescribed text books and explore the plethora of knowledge awaiting them. The final internal marks in Practical exams also include the average attendance, class room performance and the participation of the students in the extracurricular and co-curricular activities. Students are encouraged to be creative in the presentation of their subjects to boost their self-confidence. Each student is given individual opportunity to practice the lab work, so that he would be able to perform better in the final practical exams and in future endeavours. The evaluation and assessment system adapted by the University and the Institution is geared toward mapping the individual capabilities of the students to identify the written and oral expression, comprehensiveness and accuracy of information. It takes into account the individual student's progression and improvement over a period of time over the performance parameters set by the faculty or the respective department. The written examinations, assignments, class room presentations have developed the communication skills and interpersonal skills of the students of the Deen Dayal Upadhyay Government Post Graduate College. The Institution has increased the benefits to the students by adhering strictly to the vision and mission of the institution and improving the quality of the students by the continuous internal evaluation, the central force behind

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The college is affiliated to Chhatrapati Shahu Ji Maharaj University, Kanpur and hence the pattern prescribed by the university is strictly followed. The university provides an academic calendar that specifies the date of commencement and end of the classes for each year along with the government holidays. Based on the norms set by the University, the Principal and the HODs decide the dates for other academic activities like workshop or seminar or ethnic/cultural/food/ sports fests. Regular staff meetings are conducted to ensure adherence to the schedule given in the academic calendar. In case of any unusual and unscheduled break in the working day as in national bandh, the death of a VIP or election, the staff committee meet again to work out a schedule to compensate the working days. Department timetable is prepared by each department, facilitating the teachers to allot sufficient time for each subject as per the workload allotted by the University. This timetable is given to each and every student of the department to ensure that they stick to the schedule. The calendar is well planned in advance and is outlined in a detailed fashion. The Institution functions and adheres to the minimum number of working days and teaching days. On an average the Institution works for 220 days each year in the course of the past five years. A monthly report is maintained by the teachers individually according to the classes taken by them as per the academic calendar. The timetable for each internal assessment is prepared well in advance as per the calendar schedule. Apart from the written tests, students are also given opportunities to think, examine various aspects of a problem that enables both the teacher to enhance the teaching and learning process within the stipulated time. Students are also assessed on the basis of seminars, assignments, practical tests and projects. A seminar week is allotted for each department wherein the students are encouraged to participate in a competition of their choice. Students are encouraged to select topics for classroom presentations which is outside the curriculum to make it more interesting and non-monotonous. The Institution has an excellent work culture

and therefore it seldom faces difficulties in completing the curriculum within the planned time frame of the calendar.

The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the institution Deen Dayal Upadhyay Government Post Graduate College, Sitapur was started in the year 1993 in the ITI Campus, Sitapur to fulfill the aspirations of the rural youth living in and around Sitapur, Khairawad, Biswan, Sidhauri, Laharpur, Mishrikh, Naimish and such nearby villages and towns. Uttar Pradesh Government established this Institution for bettering the life of the youth by bringing the opportunities to their closest proximity by providing academic excellence at a very affordable cost. The vision of the Institution is "Progress through quality education" and to provide education without any social discrimination, for finding space for the exponential growth of personality and character, empowering youth to face the challenges of tomorrow successfully and confidently through the quality education acquired from this institution. Mission To fulfill the above vision the Institution is committed to impart quality education by providing the students with all the physical resources pertaining to education and a congenial campus environment loaded with interesting and innovative infrastructure to cater to the needs of the aspiring young minds. The students are nurtured to become socially aware and responsible citizens by participating in various programs being conducted within and outside the college premises such as NSS, NCC, seminars, conferences etc. The student community is equipped with academic, social, scientific and spiritual values to enable them to have an insight into the spirit of transparent governance. The students are made to learn the art of governance and leadership by getting chance to be a part of various student bodies and committees. The students are given opportunities to take leadership under the guidance of the faculty members in cultural events and such, thus fulfilling the vision behind the establishment which is to Progress through quality education. The Institution also aims to kindle the ardor of faith that does justice by forming men and women who are • Academically accomplished • Emotionally balanced, • Morally upright, • Socially conscious and responsible, • Ecologically sensitive and • Professionally dedicated It is hoped that during their stay in the Deen Dayal Upadhyay Government Post Graduate College transform them as powerful constituents with utmost skills at leadership and governance. Practices of decentralization and participative management Principal is the administrative and academic Head, followed by department heads. Important developmental plans are discussed by the Principal along with all the committee members in which students are also a part. Plans are executed only after reviewing the suggestions. The Principal assigns specific duties to various academic and administrative bodies of the Institution. Senior faculty members are given responsibilities to act as mentors and counsellors to minimize the centralization of authority, to make decisions and implement them faster which helps to streamline the academic process and progress of the student. The heads of the departments are given all the freedom and authority to decide on the various activities pertaining to academic and administrative work pertaining to their department and
